Hello, yes of course. What can I do for you?	Hello, can you help me, please?
Welcome to Corfu! Do you have your registration documents and crew list?	I've just arrived from Italy, with my boat ...
Thank you. We'll register your boat and then we'll do the check.	Thank you. Yes, here they are.
And how long would you like to stay for?	Thank you.
No problem. Usually most of our dock spaces are occupied by local yachts, but this is a good time of year. You can stay for up to three days.	Only for a couple of days.
Yes, there is a problem. Therefore we recommend that you pull your boat away from the quay at night.	That sounds great. One more question, please. I've read that theft is a bit of a problem for boats moored along the quay.
Yes please, let's go.	I'll do that. Would you like to see the boat now?

- Excuse me, I've just arrived at the Marina and I need to find the reception.
- Good evening, and welcome to Alicante. Turn right and you'll find a big building. The reception is through the main door.
- Do you know what time it's open until?
- Yes, today it closes at eight p.m.
- Would you please tell me what time it is now?
- It's half past seven. You've still got time.
- Thanks for your help. Bye.
- You're welcome, good bye.

	I'll take two. Can I have a plastic bag?
Certainly!	
	How much is that, please?
That's € 6,80, please.	
	Here you are.

Good morning, how may I help you?	
	Good morning, I'd like to rent a boat with an outboard motor.
No problem. How long do you wish to keep it (for)?	
	Only for the day, please.
All right, it'll be €20 then and you need to fill out this form.	
	OK, here you are.
Thank you. Do you have a life jacket?	
	No, I don't. Is that necessary?
It's mandatory in Norway. There are two life jackets in the boat. Do you need any extra ones?	
	Great, no thanks. There are only two of us.
No problem then. Have a good trip – the weather forecast's great for today.	
	Thanks, we will.
